Railway Gazette

INTERNATIONAL

**Emerging markets target
proven technology**

schenckprocess

Front Cover: Full speed ahead to the future. The fact that modern rail travel is so safe, even at speeds of 300 km/h, is thanks in part to the latest wayside diagnostics systems developed and supplied by **Schenck Process**. The automated monitoring technology is

able to detect wheel flats and deviations in wheel load while the train is in motion.

Annual subscription in USA \$245.

Railway Gazette International (ISSN No. 0373-5346) is published monthly by DVV Media UK Ltd and distributed in the USA by SPDSW, 95 Aberdeen Road, York PA 17406. Periodicals postage paid at York PA.

US Postmaster: send address changes to Railway Gazette International, c/o PO Box 437, Emigsville PA 17318-0437.
